

Cloud Home

Information About the Service

This is a residential IP based telephony service that is supplied over a fixed broadband internet service to customer owned hardware. Cloud Home provides the customer with a phone service hosted by Vonex that utilises a Voice over IP (VoIP) connection. Contract term available is 1 month.

The monthly plan fees include one new geographic phone number, all calls to local/national/Australian mobile numbers (if applicable), a maximum of one call at a time,

Bundling Arrangements

This service is not conditional on any bundling arrangements, but we do provide other telco services that can be included on one bill.

Mandatory Components and Conditions

The service is offered on a prepaid basis with top up by credit card or debit card only. Call credit minimum of \$5 must be maintained on your account. Auto top-ups of \$5 will be transacted every time your call credits (account balance) fall below \$5. As you use the service, credits will be deducted from the total to pay for call charges. If within 14 days of your bill cycle ending, you do not pay the plan fees and your account call credit is less than the required minimum of \$5, the services associated with the account will be cancelled and you will lose your number/s.

The internet service may be supplied by any service provider. requires a minimum bandwidth of 100kbps of uncongested upstream and downstream for optimal quality. Service quality may be affected by the internet connection, firewall, additional hardware, or other matters outside the control of Vonex.

You will need compatible hardware or software to use this service. Most customer supplied hardware is compatible with this service and credentials will be supplied by Vonex. Vonex offers ATA adapters and preconfigured IP voice phones to use with this service. No hardware is included in this service and would need to be purchased separately.

If the Service is unavailable due to any reason such as a power outage, it will prevent successful connection to the 000 emergency services. For this reason, Vonex recommend that the Customer has an alternative method of making calls, such as a mobile telephone.

Information About Pricing

Plan	Monthly Fee	Establishment Fee	Total Minimum Price	Call Charges			
				Local/National	Australian Mobiles	13/1300	International
