

Business NBN

Information About the Service

This service is a Business NBN service providing Internet access to the customer's premises. This product is available wherever access to the NBN network is available. Business NBN plans are available nationwide utilising FTTP, FTTN, FTTB, FTTC, HFC and Fixed Wireless technologies. The minimum contract term is 1 month.

The monthly plan fees include Internet access to the customer's premises via the NBN Network, a static IP address and optional hardware purchased or supplied by Vonex.

Bundling Arrangements

This service is not conditional on any bundling arrangements, but Vonex does provide other telco services that can be included on one bill. Discounts are offered if this service is bundled with an eligible Vonex VoIP product.

Mandatory Components and Conditions

An NBN compatible modem/router is required in order to use the service. This is supplied by Vonex for free with 12 month and 36 month contract terms or for a fee with 1 month contract terms. Otherwise, you may choose to provide your own. The type of hardware you need depends on the NBN technology. You must ensure the hardware chosen is appropriate and adequate for the intended purpose. In FTTC, FTTP and HFC areas, some equipment that is owned by NBN Co will need to be installed in your premises, if it isn't already, and a 240-volt power supply will be required.

Internal cabling is the customer's responsibility and cost. Insufficient cabling beyond the network boundary point may delay provisioning of the service. The service will not function in the event of a power failure unless you install an Uninterruptible Power Supply (UPS) to provide power to all equipment associated with using the service.

The selected speed tier is the maximum possible download/upload speed (Mbps) that is available during off-peak periods. Actual speeds may be slower for a variety of reasons including congestion, location, local conditions, hardware, software and general traffic. A plan change may be requested at any time.

Notes:

- 1 QBR point for every \$1 spend on monthly fees apply to 36 month contract terms. Bonus QBR points are not available with this service.
- No establishment fees apply.
- Service and plan availability is dependant on service qualification. Some higher speeds might not be available at your address and not all speed tiers are available in all locations.
- Bundle discount is only available when bundled with an eligible Vonex VoIP service.
- \$100 hardware fee applies for all 1 month contract terms. This fee is for the Vonex configured modem.

At the end of the contract term, the Vonex monthly charges will continue at the same rate.

If a non-standard installation is required, the costs quoted by NBN Co will apply. If a new or inactive copper pair is to be activated or installed, a \$299 installation charge may apply. If an additional NBN Connection Box is required, a \$270 subsequent installation charge may apply. If it is the first NBN connection at a new development site, a \$300 new developments charge will apply.

Early Termination Charges

If you cancel the service before the end of any applicable contract term, a fee of 50% of the monthly rental times the remaining months of the contract will be payable to Vonex.
