

5G Wireless Broadband

Information About the Service

This service is a Wireless Broadband service utilising the Optus 5G Mobile Network and is serviceable wherever the Optus 5G Network is available. 5G Wireless Broadband services deliver a 5G internet connection to your premises and is designed to be used in a fixed location. Vonex Wireless Broadband mobile plans are available for new services. Contract terms available are 24 and 36 months.

The monthly plan fees include Internet access to the customer's premises via the Optus 5G Mobile Network and a SIM configured with hardware purchased or supplied by Vonex.

Bundling Arrangements

This service is not conditional on any bundling arrangements, but Vonex does provide other telco services that can be included on one bill. Discounts are offered if this service is bundled with an eligible Vonex VoIP product.

Mandatory Components and Conditions

The 5G Internet service is only available in limited areas of the Optus 5G Network, there may be limitations that affect your ability to access the service on the 5G network at your address. The service qualification is an indication that you are within a 5G serviceable area and does not guarantee that your address is 5G serviceable. If you are unable to establish a 5G connection within the first 30 days, the Vonex contract will be cancelled without penalty.

Compatible hardware is required to use the service and must be supplied by Vonex. The SIM supplied with the modem must not be removed from the modem and will not work in any other device. The Vonex-supplied modem remains the property of Vonex during your contracted period.

The selected speed tier is the maximum possible download speed (Mbps) that is available during off-peak periods. Actual speeds may be slower for a variety of reasons including congestion, location, local conditions, hardware, software and general traffic.

This service must be used at the address provided during the service check or order. If at any time it's detected that the Vonex supplied modem has been or is being used at a different location other than that provided to Vonex, Vonex reserves the right to suspend or cancel your 5G Internet service.

Service can not be used overseas.
