

Teams Voice Connect

Information About the Service

This is an IP based voice telephony service that integrates with your Microsoft Teams plan via Direct Routing and provides the customer with a PBX hosted by Vonex that utilises a Voice over IP (VoIP) connection. The minimum contract term is 1 month.

The monthly plan fees include one new geographic phone number, all calls to local/national/Australian mobile numbers, programming of all standard features of a hosted PBX and one hunt group.

Bundling Arrangements

This service is not conditional on any bundling arrangements, but we do provide other telco services that can be included on one bill. It is recommended that it be used in conjunction with a dedicated Vonex broadband service.

Mandatory Components and Conditions

Customer will need to have an appropriate Microsoft Teams license to use this service. The customer may also be required to conduct networking changes to enable Direct Routing on your Microsoft Teams license. Vonex can facilitate installation and networking at an additional cost.

It is required that additional hardware is purchased from and supplied by Vonex. Vonex retail hardware prices include the programming of the hardware to the service.

The internet service may be supplied by any service provider. Each handset extension requires a minimum bandwidth of 100kbps of uncongested upstream and downstream for optimal quality. Call quality may be affected by the internet connection, firewall, hardware, or other matters outside the control of Vonex.

If the Service is unavailable due to any reason such as a power outage, it will prevent successful connection to the 000 emergency services. For this reason, Vonex recommend that the Customer has an alternative method of making calls, such as a mobile telephone.

At the end of the contract term, the Vonex monthly charges will continue at the same rate. This service is not available for telemarketing, call centre function or other similar uses.

Initial Teams Configuration: Customer may utilise in-house technicians to configure the service, Vonex will provide configuration information to you. You may also engage Vonex engineering for an additional fee: \$250 for first 5 users/extensions; \$125 for every 5 users/extensions thereafter.

Ongoing Teams Configuration: Changes to your service may be conducted by your in-house technician. Otherwise, Vonex offers the following:

- Ongoing: Pay an ongoing monthly fee of \$59 per month for unlimited change requests to the Vonex engineering team.
- On demand: Once off consultancy fee is charged when a change is required: \$250 for the first 5 users/extensions; \$125 for every 5 users/extensions thereafter.

Service Cancellation

If the service is cancelled, the last monthly access fee is payable in full. If the service is cancelled prior to the contract end date a cancellation fee will apply. The maximum cancellation fee payable is 75% of the total of the remaining monthly access fees for the contract term. Any 24 or 36 month discounts will be discontinued if the service is cancelled. Discounts cannot be transferred to another service.
